

Coming soon: new applications for most states¹

Starting **November 11th**, watch for updated individual life and disability new business, adjustment/reinstatement and TeleApp applications. The new TeleApp will be used for any interviews scheduled to be completed starting November 11th.

Although you can continue to use the old applications until **January 11th, 2018**, it's important to start using the new applications on eApp and Create An App. If an application is pending after January 11, 2018 you may be required to complete a new application.

For example

Scenario 1

If application pending issuance on Jan. 11 th and is a TeleApp Application (part B) and...	
Part A/C = NEW Version TeleApp = OLD Version	A new TeleApp interview will be required
Part A/C = OLD Version TeleApp = NEW Version	A new application Part A and C will be required

Scenario 2

If application pending issuance on Jan. 11 th and is a paper Application (part B) and...	
Part A/C = NEW Version Part B= OLD Version	A new part A, B and C application packet will be required
Part A/C = OLD Version Part B = NEW Version	A new part A, B and C application packet will be required

Why the change? We want to streamline the new business application process so we combined state specific applications¹ into one for life and one for disability. You may see a change to the questions, but for the most part, the applications are very similar to how they are today.

If you have additional question, contact your case coordinator.

¹ The new form numbers include a prefix of ICCxx (xx represents the year the form was filed). The following state applications are not changing: CA, CT, DE, DC, FL, MT, NY, ND & SD.
